We need your help. Each year, the OTA Education Foundation hands out thousands of dollars to Ontario university and college students who are **children of parents who work in the trucking and trucking-related industries.**

Students who are graduating from high school or continuing their post-secondary studies are preparing for the start of a new academic year. Part of that includes making sure that the necessary financial resources are in place.

Donations are essential to the success of the Foundation. The amount we receive in donations each year determines how much we can give out in scholarships. Unfortunately, many deserving students do not receive scholarships due to lack of funding. This is something that we would like to change.

Your donation counts. You can donate electronically using our **secure website**. Or if you prefer to send a cheque, you can use the donation form below. We encourage you to visit our website at www.otaef.com to learn more about the Foundation, view our many scholarship opportunities, and make a donation. Whether you choose to donate electronically or by cheque, **we hope that we can count on your support.**
